MISSION STATEMENT

Our mission is to provide our clients with exquisite nail spa services in a caring, upscale, and professional environment. Our goal is to tailor to our clients' needs and give them the best possible experience. Behind the scenes we are mindful of our clients' well-being and take sanitation very seriously. We are equipped with high-quality sanitation devices and enforce proper sanitation guidelines among our staff. We use disposal pedicure bowl liners and one-time-use-tools* for each client. We only use the finest and organic products and lotions. We provide a relaxing atmosphere with special lighting, music, décor and textiles throughout the nail spa. Our ultimate goal is to make our clients feel pampered and special.

**Tools are used one time then go back to be sanitized. They are then kept in a sealed bag for the next clients' use.*
